

Mississauga North Baseball Association

7275 Rapistan Court, Mississauga, Ontario L5N 5Z4

MNBA REP BASEBALL RELEASE POLICY

A player must attend and participate in the MNBA tryout process for all OBA teams before a Release request will be considered.

If a player has attended the MNBA tryouts and not been offered a roster spot on an OBA team, the player may request a Release. In order to request a Release, a submission to the organization with the following information is required: player's name, year of birth, address of player's residence, where the player played the previous season, state a reason for the request, what association the player intends to sign with, and confirmation of attending the MNBA tryouts.

A review is completed by a Release Committee and if there **is not** a spot being offered on an OBA team then the release will be granted. If a roster spot **is** being offered on an OBA team then the release will be denied.

It should be noted that a Release is required for a player to attend a tryout with any other association and **before** signing with another association. In accordance with rules of Baseball Ontario (OBA), a Release is not required to tryout for an OBA Bantam Elite League (BEL) team or an OBA Midget Elite League (MEL) team.

As per the rules of Baseball Ontario, a player's playing rights are held by: (i) the Local Association(s) where he/she resides as set forth in P1.3 and P1.4; and (ii) the Local Association where he/she played the previous season if the player obtained all necessary releases under this section P1.5. The complete Ontario Baseball rules are accessible at: www.baseballontario.com.
